14-May-13

**Note:** Remember this is your opportunity to check in with the parent/caregiver about issues that may need to be discussed and to talk about any instrumental issues that may impact their ability to get to group. This prompt call also allows for linkages to be made about topics discussed at the previous parent group session and the top of the week. It also provides the SNAP® worker with a brief check-in how things have gone during the week. Reminder: A *Client Contact Note* should be written if more than the group attendance or important information is shared or discussed.
