6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all non-discriminatory provisions as required in 45 CFR 80. This is usually a standard part of the contract language for DCF recipients and their sub-grantees. [45 CFR 80.4(a)]
7. Compare the race and gender composition of the staff. Is it reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff?
8. Compare the race and gender population of clients to the general population. If there is significant variation between the race and gender of the clients and their presence in the population, the program/provider/facility has the responsibility to determine the reason(s) for such variation and take action necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve target populations such as elderly or disabled persons. [45 CFR 80.3(b) and (c)]
9. Programs/providers/facilities must make information regarding the non-discriminatory provisions of Title VI and other applicable civil rights laws available to their participants, beneficiaries or any other interested parties. This should include information on their right to file a complaint of discrimination with the Florida Department of Children and Families, or the U.S. Department of HHS. The information may be supplied verbally or in writing to every individual, or may be supplied through the use of equal opportunity policy posters displayed in a public area of the facility. [45 CFR 80.6(d) and 45 CFR 80.7(c)]
10. Continuing steps must be taken to notify employees and the public of the program's/provider's/facility's policy of non-discrimination on the basis of disability. This includes recruitment material, notices for hearings, newspaper ads, and other appropriate written communication. [45 CFR 84.8(a)]
11. Programs/providers/facilities that employ 15 or more persons must adopt grievance procedures that incorporate appropriate due process standards and provide for the prompt and equitable resolution of complaints alleging any actions prohibited by Section 504 of the Rehabilitation Act. [45 CFR 84.7(b)]
12. Programs/providers/facilities will provide the number and the current status of all discrimination complaints regarding services or employment filed against the program/provider/facility within the last year. [45 CFR 80.6(d) and 45 CFR 80.7]

14. Participants or clients must be provided services such as medical, nursing, dental care, laboratory services, physical and recreational therapies, counseling and social services without regard to race, gender, color, national origin, religion, age or disability. Courtesy titles, appointment scheduling and accuracy of record keeping must be applied uniformly and without regard to race, gender, color, national origin, religion, age or disability. Entrances, waiting rooms, reception areas, restrooms, and other facilities must also be equally available to all clients. [45 CFR 80.3(b)]
15. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability. [45 CFR 80.3(a)]
16. The program/provider/facility and all services must be accessible to participants and applicants, including those persons who are Limited-English Proficient. In geographic areas where a significant population on non-English speaking people live, program accessibility will include free language services in accordance with Executive Order 13166. It is necessary to have a policy or plan to address the needs of the Limited-English Proficient client or applicant. [45 CFR 80.3(a) and Executive Order 13166]
17. The program/provider/facility must be physically accessible to disabled individuals. Physical accessibility includes, but is not limited to, designated parking areas, curb cuts or level approaches, ramps and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, information and admissions offices should be accessible. Door widths and traffic areas of administrative offices, cafeterias, restrooms, recreation areas, counters and serving lines should be observed for door width, and Braille or raised numbers. Switches and controls for light heat, ventilation, fire alarms, and other essentials should be installed at an appropriate height for mobility impaired individuals.

Accessibility must meet or be equivalent to the standards set by the American National Standards Institute (ANSI). If the program or facility is not accessible to disabled persons, there must be an equally effective program available in the area where services can be obtained. Alternative service providers must be listed if the program is not accessible. [45 CFR 84.22]

[45 CFR 84.52(d)]
19. Section 504 of the Rehabilitation Act of 1973 requires that a recipient of federal financial assistance conduct a self-evaluation to identify any accessibility barriers. Self-evaluation is a four step process:
 - With the assistance of a disabled individual/organization, evaluate current practices and policies to identify any practices and policies that do not comply with Section 504.
 - Modify policies and practices that do not meet Section 504 requirements.
 - Take remedial steps to eliminate any discrimination that has been identified.
