Automated Community Connection to Economic Self-Sufficiency

The Community Partner Resource Guide is designed to provide the partner support materials to use with customers applying for ACCESS benefits (Food Stamps, Temporary Cash Assistance, and Medicaid) from their site. Materials such as the income charts will need to be updated at least annually. These updates can be sent to you by your local community partner liaison or are available on-line by visiting www.myflorida.com/accessflorida and pulling up the program benefit information.

The role that each of you plays as a Community Partner site is vital to the Department of Children and Families' goal to make the application for the ACCESS programs available to those in need in our communities. By serving as a partner site, you are helping us provide our mutual customers with a multiple access approach to self-sufficiency. This "no wrong door" approach means that families can apply for our programs without having to travel to a DCF office. Customers may be able to do their interview with an ACCESS worker by phone and complete their follow-up documentation by fax or mail. By maximizing shared resources, we are increasing customer access to services needed to strengthen families in the local community.

The purpose of this resource guide is to support you as a partner site. Remember it is not your role to determine eligibility for our programs. The materials are meant to help answer questions you may have about ACCESS programs, usage of the web application, and provide you with information on other resources for your patrons. There is also information on how customers can find and print out forms needed to follow-up on their application, and copies of the most commonly used forms. The materials in this guide may be copied to ACCESS customers to assist them through the application process.

Thank you for your willingness to serve as an ACCESS partner site, and for making a positive difference for the citizens in your communities.

How to Find a DCF ACCESS Customer Service Center

ACCESS Customer Service Center locations can be found by going on www.myflorida.com/accessflorida and clicking on the link under Find an Office.

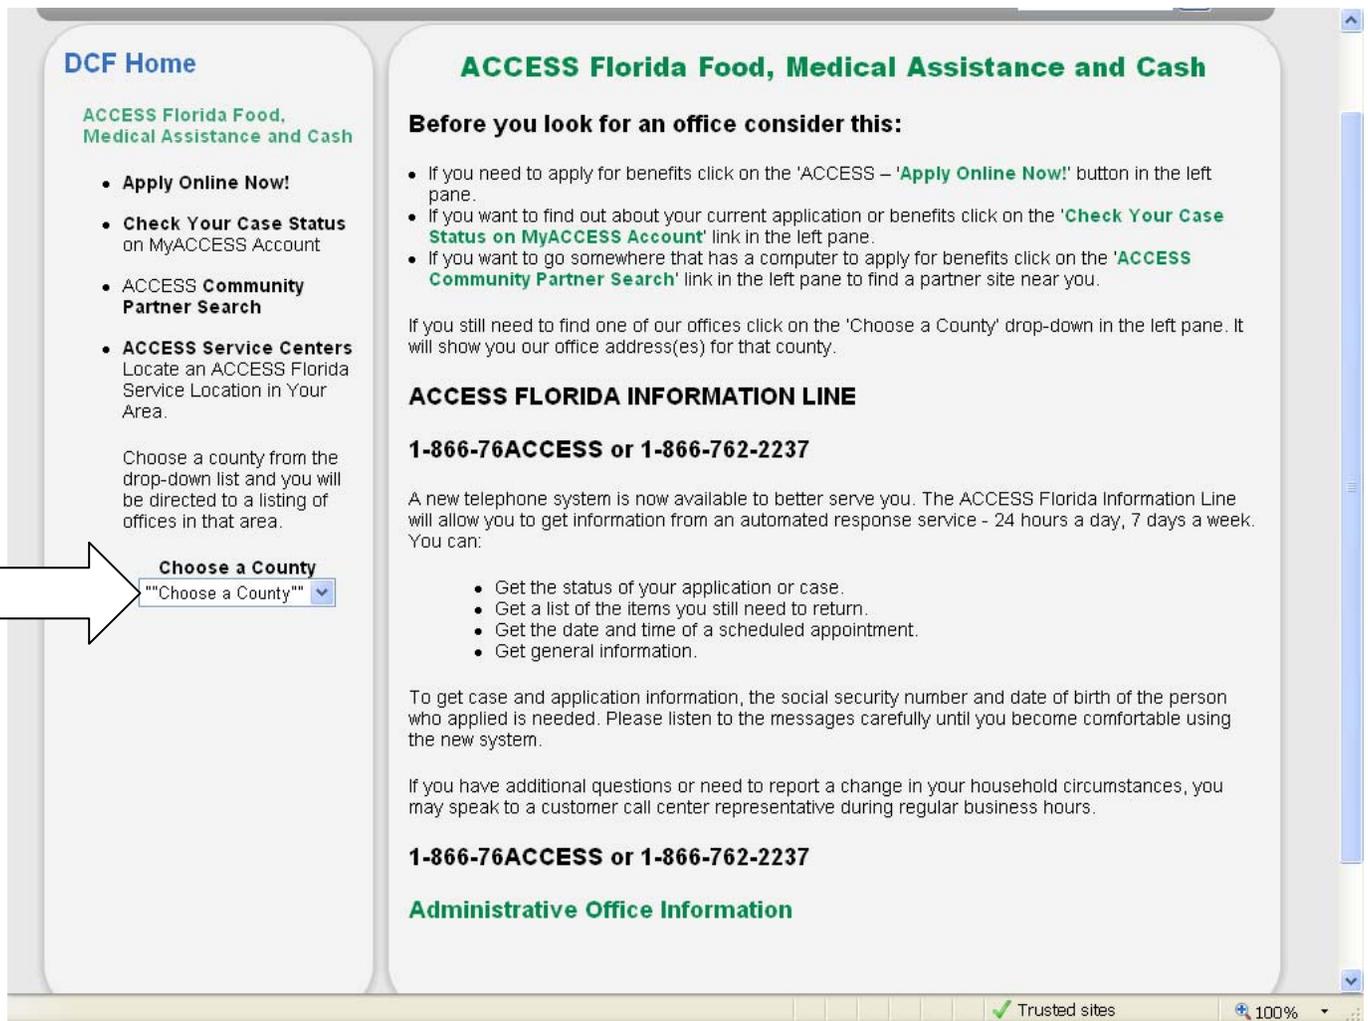

The screenshot shows the ACCESS Florida website interface. On the left is a vertical sidebar with logos for WIC, MyFlorida Web 211, Relay 711, flairs, Florida Department of Revenue, Social Security Administration, FLORIDA MEDICAID, AHCA, and "AND JUSTICE FOR ALL". The main content area features several service tiles:

- Prescreening**: See if You Might be Eligible for Food Assistance, Cash Assistance, and Medicaid
- Apply For Benefits**: Apply On-line for Food Assistance, Cash Assistance, and Medicaid; Complete an Unfinished Application; Add Comments to an Application that has been E-Signed
- Community Partners**: Check the Case Status or Benefit Information of Your Customer
- Find An Office**: ACCESS Customer Service Centers; ACCESS Community Partner Search
- ACCESS Florida Homepage**: Other Organizations that Offer Help; Find Out About the Benefits We Offer; Community ACCESS Network Information; Out of State Inquires Forms, Publications, Reports, and Policy Manual (Your Rights and Responsibilities)

An arrow points from the "AND JUSTICE FOR ALL" logo to the "Find An Office" tile. The browser address bar shows <http://www.myflorida.com/accessflorida/>.

ACCESS Customer Service Centers can be located by selecting a County.

Once the county of interest is entered, information on the address for the local customer service center and their fax number will be provided. **Web applications submitted by e-signature are directed to a customer service center or processing center based on the customer's zip code.**

This information is also available by calling the Customer Call Center at 1-866-762-2237.

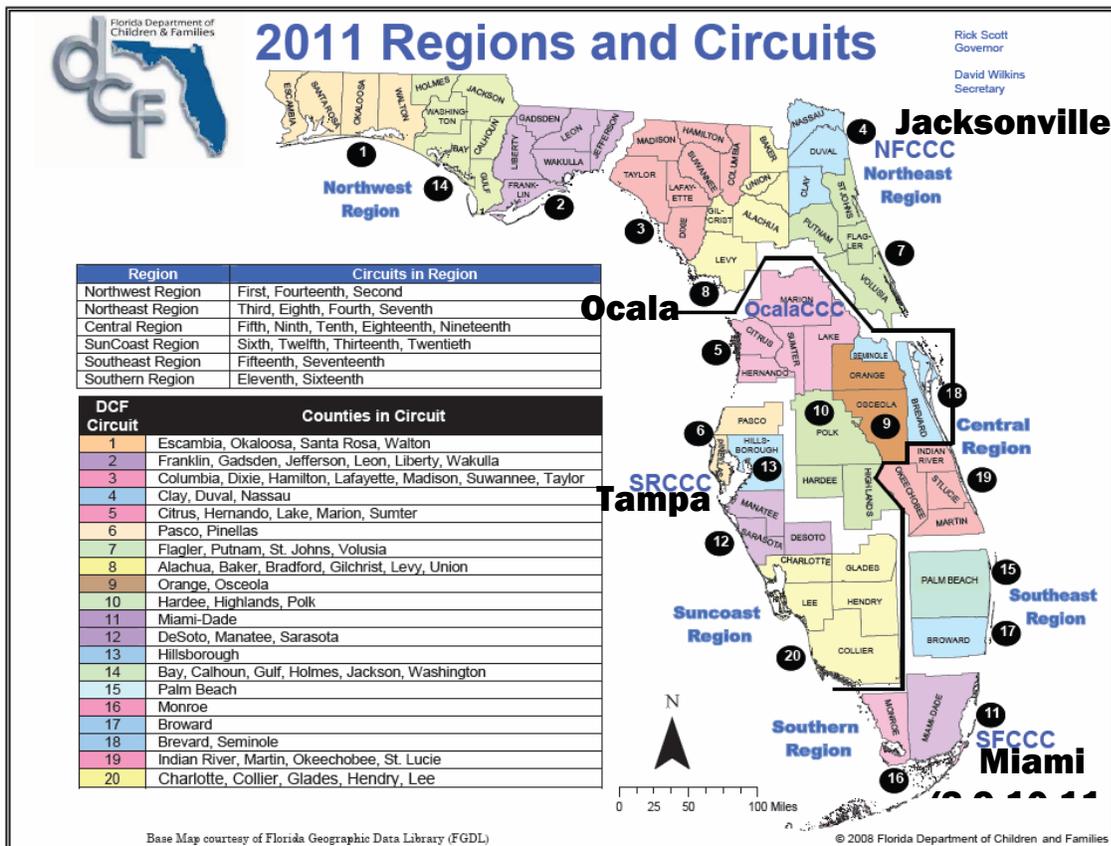

If you are **faxing** an item in to the Customer Service Center, Case Maintenance Unit, or the Call Center, ensure the fax coversheet contains some basic demographic information about the customer (name, case number and/or Social Security number). An example of a fax sheet that may be used can be found on page 19.

Customer Call Centers

DCF's ACCESS Customer Call Centers are located in **Jacksonville, Ocala, Tampa and Miami**. They are all contacted by calling **1-866-762-2237**. Many of the customer's questions can be answered without having to speak with a customer representative through our phone Automated Response Unit (ARU). They can obtain information such as case status; benefit amounts, etc. by using the ARU. If they do need to speak to a customer representative, they can do so by following the instructions given by phone.

The Call Center can resolve many EBT card issues, provide general case information, respond to requests for temporary Medicaid cards, mail out a paper application, and provide referral information for other services. Changes can also be reported by calling the Call Center or they can be reported on-line at www.myflorida.com/accessflorida.

The call volume during peak hours to these Customer Call Centers may be high. An alternative to calling the call center to check case status is to use the My Account feature on-line at <https://myaccessaccount.dcf.state.fl.us/Login.aspx>.

For Out of State Agencies seeking to verify information with Florida's Department of Children Families ACCESS Program regarding a client, please send an email to D11_SFL_CallCenter@dcf.state.fl.us

DCF Case Maintenance Units

The Case Maintenance Units (CMUs) process casework that normally does not require direct customer contact. Customers enrolled in the Medically Needy Program with a Share of Cost will need to send their medical bills to the CMU to get their bill tracking completed.

The Case Maintenance Units process:

- **Bill Tracking**
 - Customers on the **Medically Needy** program submit their bills to the CMU to have them tracked to determine if Medicaid will be able to pay for these medical expenses.

- **Sanction and Sanction Lift Requests**
 - Customers required to cooperate with Child Support Enforcement and/or the local Workforce Boards may have sanctions placed on their benefits due to failure to cooperate. The CMU can also process sanction lifts when an application is not required.

- **Process Alerts, Data Exchanges, and other Mass Change Reports received through data matches with other agencies.**
 - The CMUs process these potential changes as part of their case maintenance duties.

The next two pages contain a list of Case Maintenance Units throughout the State. **Please direct ACCESS customers needing medical expenses tracked through the Medically Needy program to submit their bills to the CMU that is serving their county.** If they have a question about which CMU serves their county, please have them call the Customer Call Center at **1-866-762-2237**.

Faxing Information to DCF

Because of the Web-based ACCESS application, much of our interaction with the customer will happen by phone, mail and/or fax. When a customer is sending in verifications needed to complete their case, it is important that they include some identifying information so that the paperwork is correctly matched to that customer's case record. As a community partner, you may be asked to assist the customer with faxing in their information. The following page is a fax coversheet that may be used. Completing this coversheet will give the ACCESS office important information to correctly identify the customer's case number and the reason the information is being submitted.

When faxing information to an ACCESS office, please indicate the customer's name, case number (if known), social security number, and a contact phone number in case we have questions about the information being sent in.

If medical bills are being submitted for a customer in order to have them tracked for the Medically Needy program, indicate on the medical section of the fax coversheet that bill tracking is needed. If the information being submitted is part of a request for retroactive Medicaid, have the customer indicate the month they are requesting this Medicaid coverage.

To find the fax number for an ACCESS Service Center, go to www.myflorida.com/accessflorida . Under the Find an Office box, click on the ACCESS Customer Service Centers.

Once a Service Center is selected by County, both the address and fax number for that site will be provided.

The following page contains the preferred fax cover sheet for any and all materials sent to a DCF location.

FAX Cover Sheet

- ⇒ Please put the customer information on each page faxed and use a separate cover sheet for each customer.
- ⇒ Please provide as much information as possible to make it easier to associate these documents with the customer's case.

ACCESS Community Partner Information

Community Partner Levels

Informational Site	Partner site provides paper applications as requested by a customer, and also provides informational materials related to the ACCESS application process.
Self-Service Site	Partner site offers the customer the ability to apply on-line, but does not provide staff assistance to the customer with the completion or submission of the web application. The site has the choice to provide other services such as access to a fax, phone, or copy machine. The site will also provide informational materials and paper applications when requested by a customer or if the internet site is temporarily not in service.
Assisted Service Site	Partner site provides assistance to the customer upon request with the completion of their ACCESS Florida application. They may also provide the customer assistance with the submission of verifications to the ACCESS office, and/or provide the customer with general information regarding the application process. The site has the choice to provide other services such as access to a fax, phone, or copy machine. The site will also provide informational materials and paper applications when requested by a customer or if the internet site is temporarily not in service. Assisted Service sites may also request to have access to the Partner View system. This system allows the partner to view limited case information to assist the customer with the completion of the application process. The partner site must first obtain the customer's signed permission (see example release on pg. 84) to access case information on Partner View. The liaison will help you determine if Partner View access would be an appropriate function for your Community Partner site. By having access to Partner View, your site agrees that it will also assist customers with setting up their My ACCESS Account.

Note: Sites that already have access to the Florida Medicaid Management Information System should have access to a **Provider View system** through the Medicaid portal, and should not additionally need Partner View. The Provider View system is administered by the Agency for Healthcare Administration (AHCA), and access is granted by AHCA.

The Community Partner and ACCESS Liaison will work together to determine the partnership level that will work best at each partner site. The partner will also select which services the site will offer ACCESS customers (see the next page for the full list of services). A network agreement will be signed by the partner site and by the DCF Circuit Administrator or their designee. A partner agreement can be ended by either party with 30 day advance written notification by either the partner site or DCF.

Site Visits by the Liaison at Community Partner Sites

The Community Partner Liaison will conduct routine site visits with our partners to discuss issues or concerns, check equipment functionality, replenish support materials, and other monitoring as stated in the partner agreement. The liaison will be checking to ensure that the services agreed upon in the ACCESS Network Agreement are being provided at the partner site.

You may also be contacted by our DCF Regional Program Office staff during the Circuit's annual Quality Management Review. This contact may be by phone or in person.

The monitoring Check List below will be completed during the liaison site visits.

Computer Desktop Link for the ACCESS Web Application at a Community Partner Site

Each Community Partner is given a site-specific URL (Uniform Resource Locator) address to utilize when customers are using their ACCESS computers. While many customers gain access to the web application by using the generic URL (www.myflorida.com/accesssflorida), we encourage your customers to use your site's URL to help us better track where applications are being submitted.

These URL's are created by using the address below and adding your unique 4 digit partner ID number at the end. If you do not know your partner number, your assigned liaison at the Department of Children and Families can provide it to you.

The URL Address is:

<http://www.myflorida.com/accessflorida/index.html?performAction=init&partnerSite=XXXX>

** This Web address is case sensitive, so Action and Site must be capitalized. Your 4 digit partner ID will be placed where the X's are in the link.

Once the URL address has been accessed on your computer/s, the link can be saved as a favorite site or as a desktop icon. To save it as a desktop icon,

- Click on File in the toolbar
- Click on Send to
- Click on Shortcut to Desktop

The icon will then appear on your desktop as Department of Children and Families.

Community Partner Site ID's

The Site ID screen was created so a cookie would be placed on computers used by Community Partners who need to track numbers of ACCESS applications completed and/or have them routed to a particular location.

This screen is accessed by using a Site ID link. When this link is clicked the Site ID screen will display. The Site is identified by entering the 4 digit Community Partner ID number.

Go to <https://dcf-access.dcf.state.fl.us/access2florida/access/scrflsiteid.do>

After the Community Partner ID is entered on the Site ID screen, the partner ID number should be displayed on the Welcome screen of the Web Application. If the Site ID is not displayed on the Welcome screen, click the Site ID link again to re-enter the number.

This Site ID Link will not need to be used for each application. Once the Site ID has been established it will continue to display on the Welcome screen on each initiated application.

This Site ID Link will only need to be used after initial set up if:

- The ID does not display on the Welcome screen.
- The ID was entered incorrectly.
- Cookies are cleared from the computer.

Contact your ACCESS Liaison if your site has any problems setting up the Site ID.

How to Locate Community Partner Sites

The Community Partner network for the entire state is available on the internet. It is updated as partners are added or deleted from the system, and only those partners who have given their permission to be advertised will be included in this list. Each site states which customers they serve.

- **Current Customers-** only serve those individuals receiving services from their agency
- **General Public-** serves anyone wanting to apply for ACCESS benefits

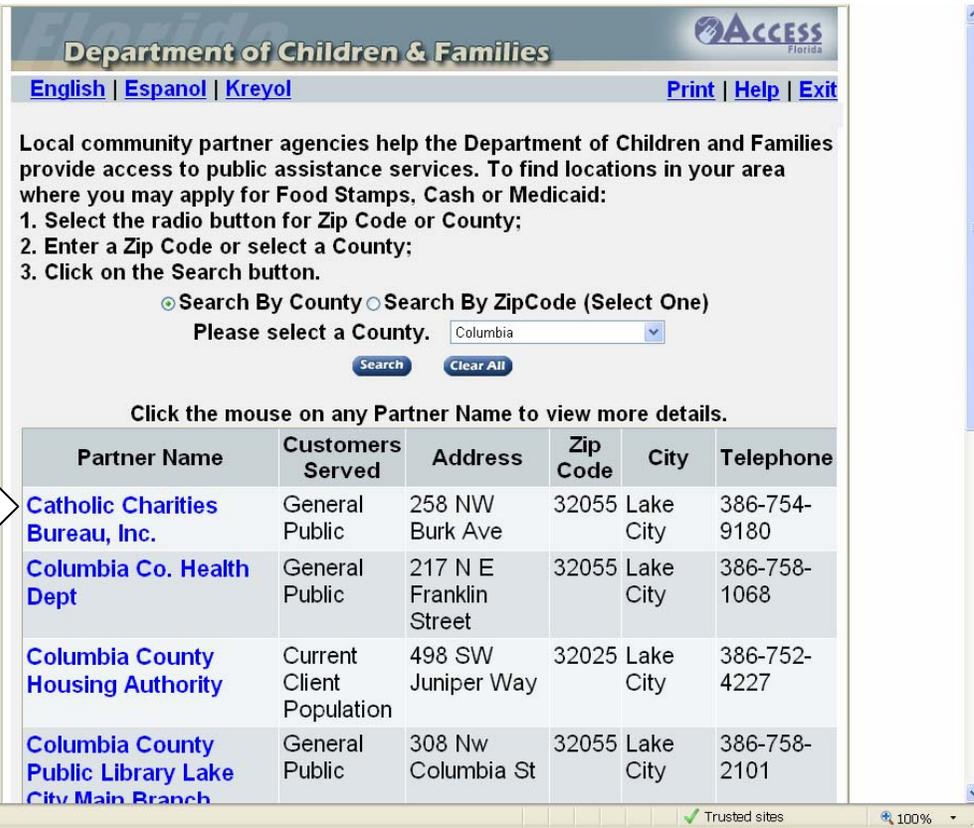

Community Partner sites can be found by doing a search by County or by Zip code. The link to search for Community Partner sites can be found on the ACCESS Home page, or by going to

<http://www.dcf.state.fl.us/access/CPSLookup/search.aspx>

The screenshot shows a web browser window displaying the ACCESS Florida search page. The page header includes the ACCESS Florida logo and the text "Department of Children & Families". Below the header, there are links for "English", "Español", and "Kreyol", along with "Print", "Help", and "Exit" options. The main content area contains the following text: "Local community partner agencies help the Department of Children and Families provide access to public assistance services. To find locations in your area where you may apply for Food Stamps, Cash or Medicaid: 1. Select the radio button for Zip Code or County; 2. Enter a Zip Code or select a County; 3. Click on the Search button." Below this text, there are two radio buttons: "Search By County" (which is selected) and "Search By ZipCode (Select One)". A dropdown menu is labeled "Please select a County." with the word "Select" inside. At the bottom of the form, there are two buttons: "Search" and "Clear All". The browser's status bar at the bottom shows "Done", "Trusted sites", and "100%".

When a County or Zip code is selected, the list of advertised partners for that area will then display.

If Completing an ACCESS Web Application for Someone Else.....

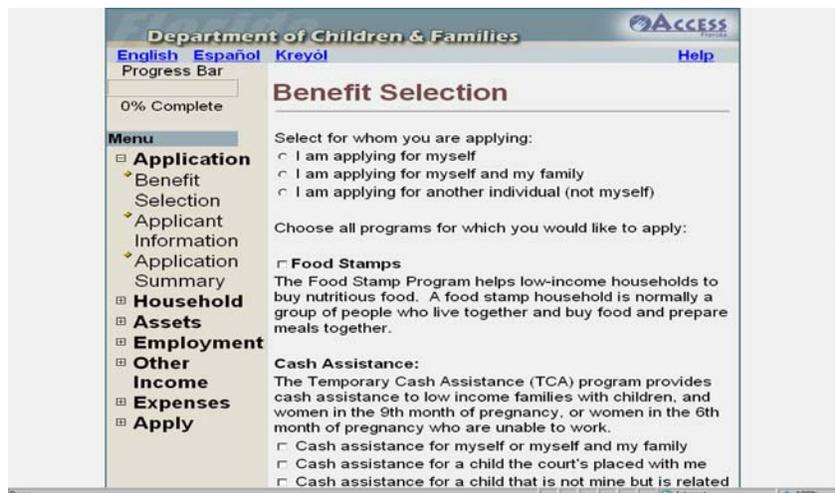

There may be circumstances where a community advocate is asked to assist a customer by completing the data entry on a web application. The advocate may not personally know the customer and therefore is not familiar enough to become the designated representative for that customer.

If information on the web application is being entered based on the customer’s answers in person or by phone, it can be submitted on the Benefit Selection page as “I am applying for myself” or “I am applying for myself and my family”. The application can be input and saved up to the statement of understanding page, but **should not be e-signed unless the customer is present to review the application.**

If the web application is being input by the advocate from a paper application completed and signed by the customer, a copy of the customer’s signature page should be faxed in to the DCF processing unit with the e-signed ACCESS Web application number written on it.

For those that cannot be e-signed, the ACCESS application number and password should be provided to the customer with instructions on how to finish this application on their home internet, library, community partner site, or local Department of Children and Families office (see page 29).

Only an advocate who knows the customer personally and is well acquainted with their situation should act as their authorized representative. The advocate will assume **a level of liability for the information that they submit on the application** and can indicate that “I am applying for another individual (not myself)” on the Benefit Selection screen. They should have a signed authorized representative form from the customer giving them permission to apply on their behalf. The Authorized Representative form **MUST** be submitted to the DCF with the application in order for it to be considered a validly signed application. As the authorized representative, the advocate may e-sign the web application for the customer. The Authorized Representative is required to send in a copy of their photo ID with the authorized Representative form.

How to Complete an ACCESS Web Application Started by Someone Else on your Behalf

There may be circumstances where you have requested that someone complete your web application for you. This assistance is fine as long as you have provided all the information to the person entering your answers on the web application. You will be responsible to check the application for accuracy prior to it being submitted to the Department of Children and Families for processing.

An advocate, community partner, friend or family member can enter your information for you up to the Statement of Understanding page. They should then save and quit your application.

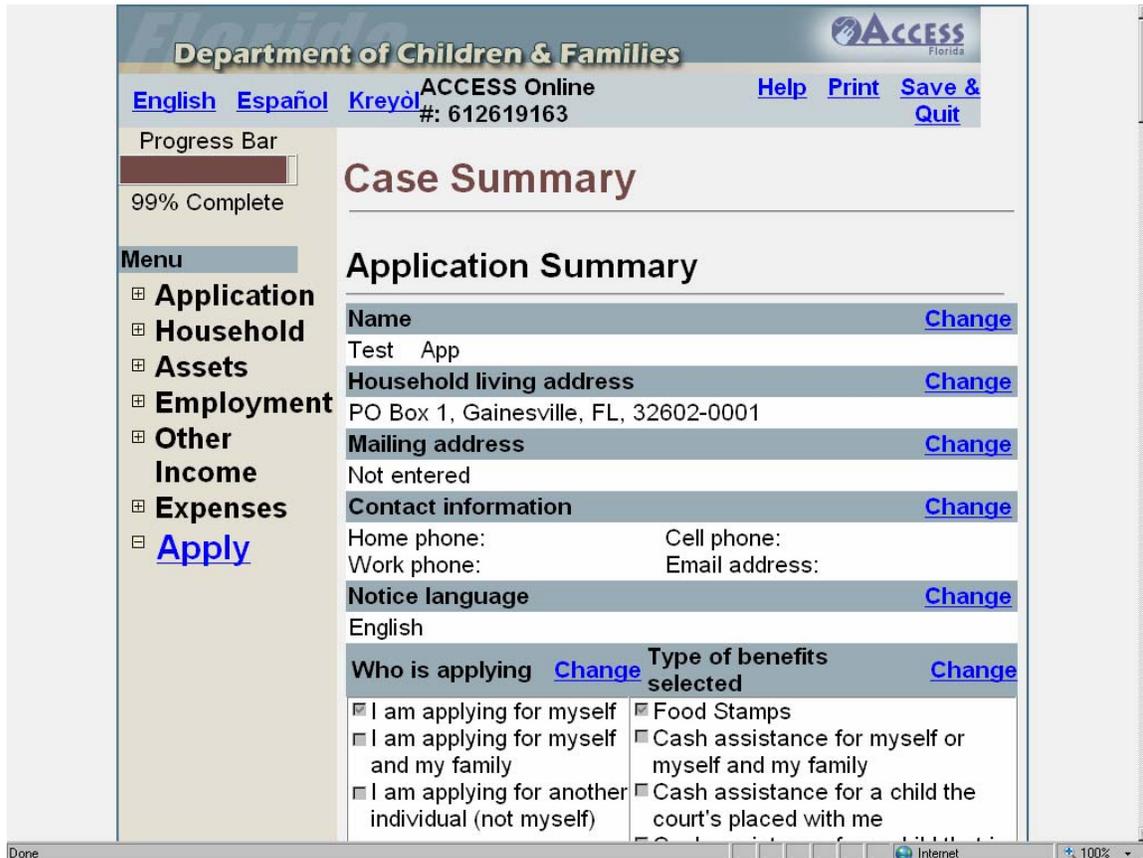

For you to review this application and complete the submission, you will need your ACCESS Application number _____ and password (this should have been set up with the person inputting the information for you).

1. Go to www.myflorida.com/accessflorida and select “Complete an unfinished application or review”.
2. Read the information page and select continue at the bottom of the page.
3. Select Complete an Unfinished Application or Review again and presses continue at the bottom of the page.
4. Enter your ACCESS application number and password, and press continue.

The screenshot shows the 'User Login' page for the Department of Children & Families. The page header includes the department name, the ACCESS Florida logo, and language options: English, Español, and Kreyòl. A 'Help' link is also present. The main heading is 'User Login'. Below this, a blue text block instructs the user to enter their ACCESS Online number and password, noting that users who have completed an Electronic Signature cannot log back into their application. There are two input fields: one for the 'ACCESS Online Number' and another for the password, with a label 'Enter the Password you used when you started your application.' Below the input fields is a 'Warning!' section stating that by accessing the system, users consent to monitoring and that unauthorized use may lead to prosecution. At the bottom, there is a 'Continue' button and a 'Go Back' button. The footer of the page contains the text 'CF-ES 2353 03/2008, 65A-1.400, C.F.R.' The browser's address bar and status bar are visible at the bottom of the screenshot.

- The next page will provide a summary of the information the community partner entered about your family on your application. You will need to review this information for accuracy and can make any changes necessary prior to submitting. To make a change, click on change next to the item needing adjustment, and enter the corrected data.

Partner Forms

The following pages contain a series of forms that Community Partners may find useful. These forms are:

- **Customer Information Handout English/Spanish –**

This handout is designed to provide customers with some basic information on what to expect following submission of an application from your site. It explains time standards, lists potential verifications the customer may need to submit, and explains the basic process DCF will need to complete to process their application.

Certain Medicaid applications (except Nursing Home Medicaid or Disability determinations) do not require this interview.

If verifications are needed to complete your application, you will receive a notice that lists these items. The notice will instruct you where to send this information and provide a due date for this submission.

What will I need to turn in?

Verifications Needed –

- Verification of last 4 weeks gross **income** for each person applying (wages, child support, SSI/SSD, VA, unemployment, workman's compensation, contributions from others, etc).

The following requirements only apply if the child(ren) you are applying for was placed in your home by court order. You may apply and receive cash assistance for related children even if they were not placed in your home by a court. To continue with the application process, click on the "Continue" button below.

Please read the program requirements listed herein.

- I must be taking care of children under age 18 who are related to me.
- There must be a Florida court order by a judge finding that the children were abandoned, abused or neglected. The child(ren) who I am applying for has been placed in my custody by a Florida juvenile court judge.
- I understand that the Department's Office of Family Safety will do a home study to be sure that the children in my custody are safe from abuse or neglect. If there are problems in my home, the Department may be court ordered by a judge to supervise them or even remove them from my home.
- I must have an interview and provide all the requested documentation that the Department needs to decide if I meet the requirements for Temporary Cash Assistance. If it is hard for me to get the requested documentation, I understand that I can ask my caseworker to help me.
- If I receive Temporary Cash Assistance, I cannot also receive Relative Caregiver benefits in the same month. If I meet technical and financial requirements, I can ask to receive Temporary Cash Assistance while the request for Relative Caregiver eligibility is being processed. If I am eligible for Temporary Cash Assistance, I will not receive the increased Relative Caregiver benefit until the first month after the Department stops my Temporary Cash Assistance.
- I understand that the Relative Caregiver payment is to cover the cost of the child's basic needs such as food, clothing, shelter, school supplies, and personal items like toiletries, entertainment, etc.

When completed, click the Continue button below.

Prescreening Tool On-line

If a customer would like to explore the benefits they may be eligible for prior to completing an on-line application, they may do so by using the prescreening tool available on the ACCESS webpage. After entering some basic information about their situation, the system will provide an estimation of assistance programs that may be available to them. It is not meant to provide the customer with a final evaluation of benefits they will receive. Even if the system responds that the individual does not appear eligible for a desired program, they may complete a web application and have ACCESS staff make a determination of their family's eligibility.

The prescreening tool is available at www.myflorida.com/accessflorida .

Prescreening Tool Main Page

The screenshot shows the main page of the ACCESS Florida's Prescreening Tool. At the top, there is a blue header with the text "Economic Self Sufficiency ACCESS Florida" and a small image of a family. Below the header, there are three language selection buttons: "English", "Español", and "Kreyòl". To the right of these buttons is a "CANCEL" button. The main content area has a light yellow background and features the following text:

Welcome to ACCESS Florida's Prescreening Tool

Welcome to ACCESS Florida's Prescreening Tool. The tool is a quick and easy way for you to find out if your household might be able to get:

- Help buying food
- Cash Assistance
- Low or no cost health care
- Help paying Medicare premiums

Your answers to a few short questions will let you know if your household might be eligible for benefits. Complete the questions based on your household's conditions now. Estimates are allowed, but they need to be as correct as possible.

After finishing the Tool, you can review your answers and change them if necessary. After you submit your answers, you will see if your household might be eligible for benefits.

Please remember this is a basic screening tool and not an application for benefits. Even if the Tool says your household may not be eligible, you may still complete an application for us to make an official decision about your eligibility.

Want to get started? Simply press, "CONTINUE" below to begin. If you want to go back to the previous page without answering the screening questions, press, "CANCEL".

At the bottom of the page, there is a "CONTINUE" button with a right-pointing arrow. The browser's address bar at the bottom shows "Internet" and a zoom level of "100%".

Common Benefit and Application Questions and Answers

FAP(Food Assistance Program) also known as SNAP/ Food Stamps – Questions & Answers

1. What happens after I apply for FAP Benefits?

For most, a brief interview in person or by phone is required before FAP benefits can be approved. If you have applied over the internet, a letter will be sent asking you to call in for an interview and asking for information needed to complete your eligibility. After the interview, if additional information is needed another letter will be sent listing the information needed and when it is due. **For information about some of the verification required, go to the link: <http://www.dcf.state.fl.us/programs/access/docs/fafactsheet.pdf>**

2. Are there other requirements once I provide the information?

If there are children under 18 in the home and one or both parents are not in the home, you must cooperate with the child support enforcement office to help locate the parent(s). For more information about child support enforcement, visit the Department of Revenue website at <http://dor.myflorida.com/dor/>.

3. How will I know if I am eligible for FAP Benefits, and how much I will receive?

A letter will be sent informing you of the approval or denial. The letter will explain the amount of benefits you will receive each month if you are eligible. If the FAP application is denied, the letter will give the reason for the denial. You can check your benefit information by logging in to **My ACCESS Account**. To set up My ACCESS Account, go to www.myflorida.com/accessflorida.

4. When will I receive my FAP Benefits?

If you meet the criteria for expedited FAP benefits (faster processing due to little or no income) you should have benefits within seven calendar days from your date of application. FAP benefits will be received by the 30th day from your date of application, if you do not qualify for expedited benefits. The agency has 30 days to approve or deny your application for FAP.

5. If eligible for FAP benefits, how do I receive them?

If this is the first time you are applying for cash or food assistance, you will receive your EBT card in the mail with instructions on how to use it once your case is approved.

If you have received benefits in the past and still have your EBT card, you can still use that card as long as your case number stays the same.

If you are reapplying for benefits and no longer have your EBT card, please call the EBT Customer Service anytime at **1-888-356-3281** to get a replacement card. Another EBT card will not automatically be mailed to you once your case is approved.

For more information about the EBT card, go to the EBT section located on page 115 in this guide.

6. How long can I receive FAP benefits?

Most people can receive FAP benefits for six months before having to reapply. There are some exceptions: Someone who is elderly (60 or older) or disabled, has no earned income, and has a stable living situation may receive FAP benefits for 12 months before having to reapply.

7. What should I do if I move, start or stop a job or have some other change in my situation?

Any change can be reported by calling 1-866-762-2237 or on the internet at <http://www.myflorida.com/accessflorida> and logging into your my ACCESS account.

8. When you get a job will your FAP benefits be cancelled?

The total income for everyone in your FAP household is compared to the income guidelines for the number of people in your household. When earned income is received there are deductions that are taken off before the income is compared to the income guidelines. FAP benefits are not automatically closed because you get a job. If your household is under simplified reporting and the change in income does not exceed the gross income standard for your family, the income will not affect your FAP benefits until you recertify.

9. Why does my neighbor, who has more income than me, receive more FAP benefits?

FAP eligibility is based on the whole household situation. The amount of benefits is based on the number of people in the household, household income, and expenses such as rent, utilities, and child care.

10. If I have a car or money in the bank am I ineligible for the FAP program?

Assets are no longer considered when determining eligibility, except for households that contain certain disqualified individuals.

11. How can I apply for and use FAP benefits if I am temporarily or permanently disabled and need help?

You can designate someone you trust as an authorized representative to apply for you and/or receive the benefits for you. The name of the person you want as an authorized representative can be entered on the application or you can write a statement giving the name of the person. Send the statement to the local service center or call 1-866-762-2237 to ask for a form to complete.

Program Overviews

Food Assistance Program (FAP)

There is a more detailed overview for the **Food Assistance Program** (formerly Food Stamp program) available on-line at <http://www.dcf.state.fl.us/programs/access/foodstamps.shtml> .

General Information about Food Assistance Program and SUNCAP

The Food Assistance Program helps people with low-income, buy healthy food. A food assistance household is normally a group of people who live together and buy food and cook meals together. If your household passes the Food Assistance Program's eligibility rules, the amount of food assistance benefits you get depends on the number of people in your household and how much money is left after certain expenses are subtracted.

Eligibility Requirements

Individuals must meet all factors of eligibility to get food stamp benefits. Some of the factors of eligibility are:

Identity - Individuals must show proof they are the person they claim to be. Applicants must provide proof of their identity.

Work Rules - Healthy adults, 18 to 50 years of age, who do not have dependent children or are not pregnant, can only get food assistance benefits for 3 months in a 3-year period, if they are not working or participating in a work or workfare program.

Income and Deductions – Most households must pass a gross income limit at 200% of the Federal Poverty Level (FPL). Households with a member disqualified for breaking Food Assistance Program rules, felony drug trafficking, running away from a felony warrant, or not participating in a work program must meet a gross income test at 130% of the FPL. Households with or without a disqualified member must have net income less than 100% of the FPL. Households with people who are, age 60 or older or disabled must only meet the net monthly income limit. Some household expenses may be subtracted from the total monthly income in the food assistance budget. The budget may subtract for shelter expenses, dependent care, medical, child support paid, standard deductions, and earnings.

Residency - Individuals must live in the state of Florida.

Citizenship - Individuals must be a U.S. citizen or have a qualified noncitizen status.

SSN - Individuals must provide a Social Security Number or proof they have applied for one.

Child Support cooperation - Certain individuals must cooperate with the state's child support enforcement agency to prove a child's legal relationship to their parent and to get the court to order child support payments.

Assets - Most food assistance households may have assets such as vehicles, bank accounts, or property and still get help. Households with a disqualified member must meet an asset limit of \$2000 or \$3000 (if the household contains an elderly or disabled member).

Causes of Ineligibility

People who are convicted of drug trafficking, who are running away from a felony warrant, who break Food Assistance Program rules on purpose; who are noncitizens without a qualified status, and some students in colleges or universities are not eligible for food assistance benefits.

Food Assistance Benefit Purchases

Households can use food assistance benefits to buy breads, cereals, fruits, vegetables, meats, fish, poultry, dairy, and plants and seeds to grow food for your household to eat. Households cannot use food assistance benefits to buy nonfood items such as pet foods, soaps, paper products, household supplies, grooming items, alcoholic beverages, tobacco, vitamins, medicines, food to eat in the store, or hot foods.

SUNCAP

The SUNCAP Program is a special Food Assistance Program for individuals who receive Supplemental Security Income (SSI). You may be eligible to receive food assistance benefits through the SUNCAP Program without any additional application, paperwork, or interviews. If you already receive food assistance benefits in the regular Food Assistance Program, you may be automatically put in the SUNCAP Program when you become SSI eligible. If your food assistance benefits will go down, because of SUNCAP, you may choose to continue receiving your food assistance under the regular Food Assistance Program.

Temporary Cash Assistance

There is a more detailed overview of the **Temporary Cash Assistance** (TCA) program available on-line at <http://www.dcf.state.fl.us/programs/access/tca.shtml> .

General Information about Temporary Cash Assistance (TCA)

The TCA program provides cash assistance to families with children under the age of 18 or under age 19 if full time secondary (high school) school students, that meet the technical, income, and asset requirements. The program helps families become self-supporting while allowing children to remain in their own homes. Pregnant women may also receive TCA, either in the third trimester of pregnancy if unable to work, or in the 9th month of pregnancy. Parents, children and minor siblings who live together must apply together.

Eligibility Rules

A person must pass all eligibility rules to get TCA benefits. Some of the eligibility rules are:

- **Time Limits** - Cash assistance is limited to a lifetime total of 48 months as an adult (except for child only cases, which have no time limit).
- **Work Rules** - Some people must participate in work activities unless they meet an exemption. Regional Workforce Boards provide work activities and services needed to get or keep a job.
- **Income and Deductions** - Gross income must be less than 185% of the Federal Poverty level and countable income can't be higher than the payment standard for the family size. Individuals get a \$90 deduction from their gross earned income. Individuals receiving benefits also get an additional earned income deduction as an incentive to get and keep a job.
- **Citizenship** - Individuals must be U.S. citizens or qualified non-citizens.
- **Residency** - Individuals must live in the state of Florida.
- **SSN** - Individuals must provide a Social Security Number or proof they have applied for one.
- **Assets** - A family's countable assets must be equal to or less than \$2,000. Licensed vehicles needed for individuals subject to the work requirement may not exceed a combined value of \$8,500.
- **Relationship** - A child must be living in the home maintained by a parent or a relative who is a blood relative of the child.
- **Child Support Cooperation** - The parent or the caretaker relative of the children must cooperate with child support enforcement to identify and locate the parent(s) who do not live in the child's home, to prove a child's legal relationship to their parent and to get the court to order child support payments.
- **Immunization** - Children under age 5 must be up to date with childhood immunizations (shots).
- **Learnfare** - Children age 6 to 18 must attend school and parents/caretakers must attend school conferences.
-

TCA - Relative Caregiver Program

This program provides monthly cash assistance to relatives who meet eligibility rules and have custody of a child under age 18 who has been court ordered dependent by a Florida court and placed in their home by the Department of Children and Families Child Welfare/Community Based Care (CW/CBC) contracted provider. The monthly cash assistance amount is higher than the Temporary Cash Assistance for one child, but less than the amount paid for a child in the foster care program.

Only the child's income and assets are counted when determining eligibility and payment amounts. Payments are based on the child's age and any countable income. Monthly payments for children with no countable income are as follows:

- Age 0 through 5 - \$242 per child
- Age 6 through 12 - \$249 per child
- Age 13 through 17 - \$298 per child

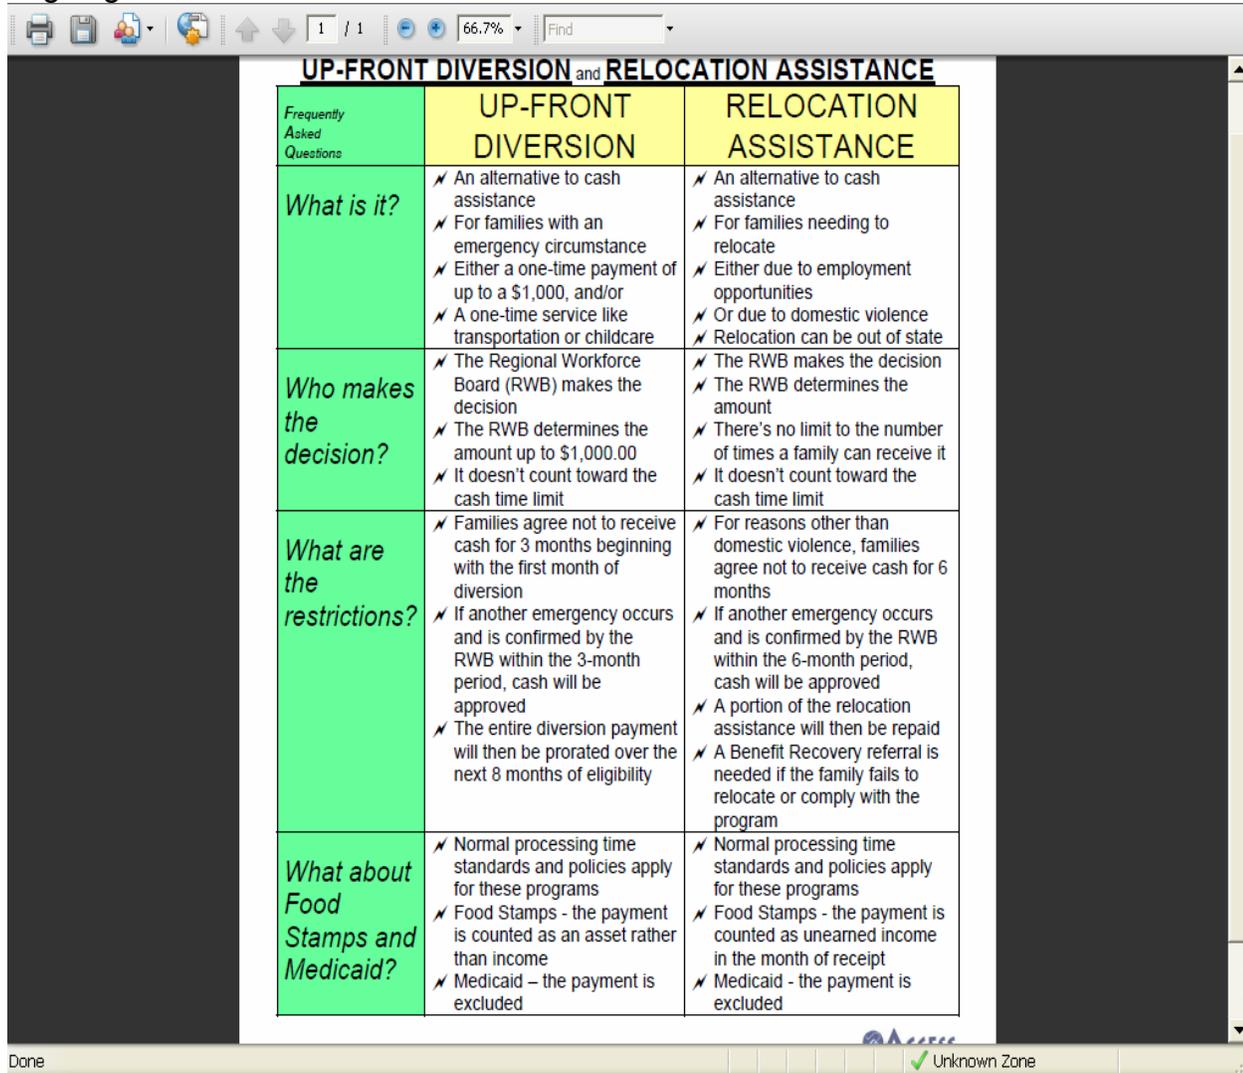

Eligibility Rules

Only the child must pass all eligibility rules to get Relative Caregiver benefits. Some of the eligibility rules are:

- **Citizenship** - Individuals must be US citizens or qualified non-citizens.
- **Residency** - Individuals must live in the state of Florida.
- **SSN** - Child must have a social security number or prove they have applied for one.
- **Assets** - Child's countable assets must be equal to or less than \$2000.

- **Income** - Child's net countable income cannot exceed the payment standard for the child's age(see payment amounts above).
- **Child Support Cooperation** - Relative caregiver must cooperate with child support enforcement to identify and locate the parents, to prove a child's legal relationship to their parent and to get the court order child support payments.
- **Immunizations** - Children under age 5 must be current with immunizations.
- **Learnfare** - Child age 6 to 18 must attend school.

Detailed information about the Food Assistance Program is available in the [Temporary Cash Assistance Program Fact Sheet](#).

Upfront Diversion and Relocation Assistance are programs that are an alternative to receiving Temporary Cash Assistance. They are a one time cash payment meant to resolve an emergency situation to enable the customer to retain employment or to assist the customer with relocating to a community where employment is available so that the family will not need ongoing cash assistance.

Medicaid Programs

There is a more detailed overview of the **Medicaid** program available on-line at <http://www.dcf.state.fl.us/programs/access/medicaid.shtml> .

General Information About Medicaid

Medicaid provides Medical coverage to low income individuals and families. The state and federal government share the costs of the Medicaid program. Medicaid services in Florida are administered by the [Agency for Health Care Administration](#).

Medicaid eligibility in Florida is determined either by the Department of Children and Families (DCF) or the Social Security Administration (for SSI recipients).

DCF determines Medicaid eligibility for:

- Low income families with children
- Children only
- Pregnant women
- Non-citizens with medical emergencies
- Aged and/or disabled individuals **not** currently receiving Supplemental Security Income (SSI)

Medicaid for Low Income Families With Children

Children up to age 18 and their parents or caretaker relatives may be eligible for Medicaid if the family's countable income does not exceed the income limits and countable assets are not above \$2,000.

- Individuals who receive Temporary Cash Assistance (TCA) are eligible for Medicaid. Individuals who are eligible for TCA, but choose not to receive it, may still be eligible for Medicaid.
- Families who lose Medicaid eligibility due to earned income may be eligible for up to 12 additional months of Medicaid, if they meet certain requirements.
- Families that lose Medicaid eligibility due to child support or alimony may be eligible for 4 additional months of Medicaid.

Additional information about Medicaid for low income families is available in the [Family-Related Medicaid Fact Sheet](#).

Information regarding the income and asset limits for Medicaid for low income families and children can be found on the [Family Related Medicaid Income/Asset Limits](#)

Medicaid for Children Only

Parents and caretakers may apply for Medicaid on behalf of their children under age 19 living in their home, if the family income is under the limit for the age of the child.

Families can apply for Medicaid online at: <http://www.myflorida.com/accessflorida/>. View more detailed information about [Medicaid for children](#).

Children eligible for the Medicaid may enroll in the Child Health Check-up Program. This program provides regularly scheduled health checkups, dental screenings, immunizations and other medical services for children. For information on the Child Health Check-up Program, visit the Agency for Health Care Administrations information page at:

<http://www.fdhc.state.fl.us/medicaid/childhealthservices/chc-up/index.shtml>.

Families may also apply for medical assistance for children only with the Florida Kid Care program. Medicaid is one of the components of the Florida Kid Care Program. If children do not qualify for Medicaid due to family income, the application will be sent electronically to Florida Healthy Kids (FHK).

FHK covers otherwise eligible children with income less than 200% of the Federal Poverty Level. A separate application is not necessary.

To find information or apply for the Florida Kid Care Program, visit their website at:

<http://www.floridakidcare.org/>.

Medicaid for Pregnant Women

There are three ways to apply:

1. Presumptively Eligible Pregnant Women (PEPW): A temporary coverage for prenatal care only by local clinics. The same application will be sent to DCF for an ongoing Medicaid determination. For more information, please see the [Family-Related Medicaid Factsheet](#).

2. Simplified Eligibility for Pregnant Women (SEPW): A simplified "full coverage" for pregnant women only. To apply, please complete the one page application linked below. Print the application and mail, fax or return it in person to the nearest ACCESS office: ([English](#)) ([Español](#)) ([Kreyòl](#)).

3. ACCESS application: This is an application for "regular" Medicaid, including other family members, cash assistance and/or food assistance. Please visit this link to begin: <http://www.myflorida.com/accessflorida/>. For more information see the [Family-Related Medicaid Factsheet](#).

Women with family income over the limit for Medicaid may qualify for the Medically Needy Program. For more information see the [Family-Related Medicaid Factsheet](#).

For pregnant women who do not meet the citizenship requirements for Medicaid, see the information below about Emergency Medicaid for Aliens.

Emergency Medical Assistance (EMA) For Non-Citizens

Noncitizens, who are Medicaid eligible except for their citizenship status, may be eligible for Medicaid to cover a serious medical emergency. This includes the emergency labor and delivery of a child. Before Medicaid may be authorized, applicants must provide proof from a medical professional stating the treatment was due to an emergency condition. The proof also must include the dates of the emergency.

Medicaid for Aged or Disabled

Medicaid for low income individuals who are either aged (65 or older) or disabled is called SSI-Related Medicaid.

Florida residents who are eligible for Supplemental Security Income (SSI) are automatically eligible for Medicaid coverage from the Social Security Administration. There is no need to file a separate ACCESS Florida application unless nursing home services are needed.

Individuals may apply for full Medicaid coverage and other services using the online [ACCESS Florida Application](#) and submitting it electronically. If long term care services in a nursing home or community setting are needed, the individual must check the box for HCBS/Waivers or Nursing Home on the Benefit Information screen. HCBS/Waiver programs provide in-home or assisted living services that help prevent institutionalization.

Medicare Savings Programs (Medicare Buy-In) help Medicare beneficiaries with limited finances pay their Medicare premiums; and in some instances, deductibles and co-payments. Medicare Buy-In provides different levels of assistance depending on the amount of an individual or couple's income. Individuals may apply for Medicare Buy-In coverage only by completing a [Medicaid/Medicare Buy-In Application](#).

Print the form, complete it and mail or fax it to a local [Customer Service Center](#).

Individuals eligible for Medicaid or a Medicare Savings Program are automatically enrolled in Social Security's Extra Help with Part D (Low Income Subsidy) benefit for the remainder of the year. An individual may also apply directly with Social Security for the [Medicare Extra Help Program](#). Individuals who do apply directly for the Medicare Extra Help Program have the option of having the same application consideration for the Medicare Savings Program. If the individual takes the option of having the Medicare Extra Help Program application considered for the Medicare Savings Program, the Social Security Administration will send information electronically to Florida and the individual will be contacted.

More information about Medicaid programs for aged or disabled individuals is available in the [SSI-Related Fact Sheets](#). Income and asset limits may be found on the [SSI-Related Programs Financial Eligibility Standards](#). Important information for individuals seeking Medicaid for long term care services in a nursing home or community setting is available in the [Qualified Income Trust Fact Sheet](#).

Medicaid Cards

Permanent gold Medicaid cards are issued for each individual who is eligible for Medicaid. The Medicaid card should be presented to medical providers when medical care is being requested. To request a replacement card, call 1-866-762-2237. Those on Medicaid can also request a replacement Gold Medicaid card and/or print a temporary Medicaid card from their My [ACCESS Account](#). Further information on Medicaid services is available from the Agency for Health Care Administration.

Medically Needy (Share of Cost)

Individuals who are not eligible for "full" Medicaid because their income or assets are over the Medicaid program limits may qualify for the Medically Needy program. Individuals enrolled in Medically Needy must have a certain amount of medical bills each month before Medicaid can be approved. This is referred to as a "share of cost" and varies depending on the household's size and income.

Once an individual meets the share of cost for the month, the individual must contact DCF to complete bill tracking and approve Medicaid for the remainder of the month. Information about this program can be found in the [Medically Needy Brochure](#) ([Español](#)) ([Kreyòl](#)).

Medical Help for Those Who Are Not Eligible for Full Medicaid

Note: The following programs are not under the Department of Children & Families. Individuals who are not eligible for Medicaid may get help with the cost of prescription drugs through the [Florida Discount Drug Card Program](#).

For information about other ACCESS Florida programs, visit [Temporary Cash Assistance](#) and [Food Assistance](#).

PIN Security and Card Care

DO NOT EVER GIVE YOUR PIN # TO ANYONE. This is your private number. Only you can use your card if you have the number. Anyone can use your benefits if they have your PIN and card number. If you give your PIN to someone and they use your benefits, those benefits can not be replaced.

If you get a new EBT card your PIN will stay the same unless you change it by calling EBT Customer Service at 1-888-356-3281.

Do not throw your EBT card away if your case is closed. If it is re-opened your card will still be good and you will be able to use your benefits sooner because you won't have to wait for a new card to be mailed.

Do not fold or bend your EBT card.

Do not scratch or write on the black strip on the back of the card.

Keep your EBT card away from televisions, cell phones, radios, and any other magnetic devices.

Using EBT Benefits

Stores in Florida that accept the EBT card display the QUEST® logo. There is no fee for using your card at these stores.

You may withdraw your cash benefits from ATM machines as cash, make a debit purchase, or receive cash back with a debit purchase. Food Assistance benefits can only be used to buy non-taxable food items. You cannot get cash back from the store with a food stamp purchase.

There is no minimum purchase amount when using your Food Assistance benefits on your EBT card.

Your receipt will show the balance remaining in your account after the purchase. Benefits do not have to be used in the month you get them. Any left at the end of the month will roll into the next month with your new deposit of food assistance benefits or cash benefits.

Each food assistance benefit or cash benefit you receive will stay in your account for one year. If you do not use the benefit, it will be removed from your account and cannot be given back to you.

You can check your balance on line. Log onto www.ebtaccount.jpmorgan.com. You can also change your PIN, get a list of your recent transactions, and send questions and inquiries to a Customer Service Representative.

You may choose to have your cash benefits deposited directly into your bank account. Contact the Customer Call Center at 866-762-2237 for more information.
